2023 California Drinking Water Consumer Confidence Report (CCR)

This Consumer Confidence Report (CCR) is a document prepared to summarize and familiarize you with the Villa Del Monte Mutual Water Company. The CCR is a report outlining the drinking water testing requirements and current interpretations of the regulatory requirements that drinking water systems are required to meet during each year of drinking water distribution.

The Villa Del Monte Mutual Water Company Water System ID# 4400595 provides a blend of water purchased from the San Jose Water Company via the Montevina pipeline, and from our own seasonal surface water source drawn from Laurel Creek. **During this reporting period all water was purchased from San Jose Water Company**, this CCR includes water testing performed for distributed water in the system. The San Jose Water Company's 2023 water quality report is available by link in our report.

The Villa Del Monte Mutual Water Company has performed water sampling and monitoring for the 2023 calendar year. All laboratory analyses are performed by State Certified Drinking Water Laboratories.

All sampling and sample analyses were performed in accordance with the Villa Del Monte Mutual Water Company, Community Water System Sampling Plan. This plan is prepared under the guidance of the California State Water Resources Control Board, Drinking Water Department of Health Services, in accordance with the California Administrative Code; Title 22. In addition to source water testing, the distribution system is routinely tested monthly for both Total Coliform and E. coli bacteria as required under the Villa Del Monte Mutual Water Company Bacteriological Sampling Plan. Routine sampling and monitoring of the water system will continue to safeguard our water supply. The Villa Del Monte Mutual Water Company will continue to receive ongoing guidance from the California State Water Resources Control Board and maintain a monitoring program that will allow us to meet our goal; to maintain a drinking water supply that meets established water quality standards.

The following Consumer Confidence Report document contains information about the requirements of Community Water Systems, including some information that does not apply to the Villa Del Monte Mutual Water Company Drinking Water System. This cover letter is intended to summarize the important information that applies to our system. If you have any specific questions about the water system please feel free to contact me at any time and I will assist you in obtaining any additional information not included in this report.

Sincerely,

Mike Miller

President
